

WOODS® MULTI-SPINDLE ROTARY CUTTER

Model MDS10.50

MDS8.50, Mounted
Shown with chain shielding

Requiring a minimum of 65 hp, the MDS10.50 (3,04 meter) multi-spindle gives you Woods durability and superior design for both brush cutting and crop shredding. This 3-point mounted attachment is lightweight, maneuverable, and has a narrow transport width providing valuable flexibility both during transport and in the field.

- Cuts light brush up to 7,6 cm in diameter
- Easy hook-up reduces preparation time and frustration
- Standard Quick-Change blade pins are easy to remove.
- Tubular front frame for greater strength and rigidity for towing
- Hydraulically adjustable tail wheel offers a variable cutting range
