

WOODS® BRUSHBULL™ CUTTERS

Model BB7200X

Woods' BrushBull™ cutter has set the standard for today's rotary cutter market — with innovations such as the smooth, slope-top deck and Quick-Change blades.

Requiring a minimum of 50 hp, the BB7200X gives you Woods superior durability and performance in a sleek, round-front design. This rugged 182,9 cm attachment is lightweight, maneuverable, and has a cutting capacity of up to 10,2 cm; slicing through tough brush and trees with ease.

- 5,1 cm tubular rear bumper provides structural integrity when backing over brush
- Heavy-duty, replaceable and adjustable skid shoes
- Standard Quick-Change blade pins are easy to remove
- Standard chain shielding, for added safety and peace of mind
- Standard blade ring
- Optional baffle for material distribution
- Optional dual wheels
