

# WOODS® GRADING SCRAPERS

## Model GSM84 and GSM84P

Representative images

The Woods® GSM84 and GSM84P Grading Scrapers are rugged tractor attachments built with superior durability for tough landscaping and roadway projects like leveling potholes and ruts, or removing berms and bumps in lawns and fields. Both models are 223,5 centimeters wide, with a working width of 211 and fit 30 to 65 horsepower tractors with Category 1 or Category 2 hitches. A tall 40,6 centimeter box height holds a lot of material with each pass.

The GSM84P is a premium attachment with scarifier teeth for deep tillage. The scarifiers are adjustable so that you increase your performance by positioning them for the type of work or material.

- Heavy-duty mast plate creates more down force for a smoother surface and virtually eliminates a washboard effect
- Adjustable skid shoes and scarifiers\* increase performance
- Tall side frames hold more material for leveling
- Beveled leading edges on the skid shoes and structural reinforcements keep this scraper strong for years of use
- Reversible/replaceable high-carbon cutting edges increase work life and are easy to maintain

SPECIFICATION	GSM84/GSM84P
Tractor Engine HP	30 - 65 hp
Tractor Hitch	Cat 1 & 2
Working Width	211 cm
Overall Width	223,5 cm
Overall Length	117 cm
Box Height	40,6 cm
Number of Scarifiers*	5
Weight with Scarifiers*	342 kg
Weight without Scarifiers	301 kg
Reversible Cutting Edge	1,3 - 15,2 cm
Scarifier Adjustment*	-6, -3, +1, +6 cm
Skid Shoe Adjustment	-2,5 to +1,3 cm
Lower Hitch Design	clevis
ASABE Quick-hitch Compatible	yes

\*Scarifiers are only available on the premium (P) models: GSS54P, GSS60P, GSS72P, GSM84P, GSM96P. Scarifiers cannot be added to non-premium models because there are no shank pockets.

Superior design. Superior durability. Superior style.
